**Email:** [sadmanalam142@gmail.com](mailto:sadmanalam142@gmail.com)

## CAREER OBJECTIVE

I am looking for an entry-level position to kickstart my career in the development field. I wish to work in a dynamic organization that will contribute to my professional and personal growth while I contribute to the growth of the company as well as engage in opportunities to further the company's goals.

## SKILLS

- **Front-end:** Reactjs, Nextjs, Ant Design, Tailwind CSS, Typescript, Redux, Hooks, Axios
- **Back-end:** Nodejs, Expressjs, Typescript, Prisma, Redis
- **Database:** MongoDB, Mongoose, PostgreSQL
- **Tools:** Git, GitHub, VS Code, Netlify, Vercel, Chrome dev tool, Figma

## PROJECTS

---

### 1. Pathagar (Full-Stack team project) [[Website](#)] [[Client Code](#)] [[Server Code](#)] [[Endorsement](#)]

- **Technologies used:** React JS, Tailwind, Daisy UI, React router, Firebase Node js(express js), Mongodb, socket io.
- **Site overview:**
  - This is a website where you can buy online courses and also can buy different categories of books.
  - It's a team project, so I mostly have worked on the backend part and also did some work on the homepage and admin panel as well.
  - The website is responsive for both desktop and mobile users.

---

### 2. Car Parts Manufacturer (Full-Stack project) [[Website](#)] [[Client Code](#)] [[Server Code](#)]

- **Technologies used:** React.js, React-Router, Tailwind CSS, Daisy UI, FontAwesome, React Query, React hook form, NodeJS, ExpressJS, MongoDB.
- **Site overview:**
  - This is a site where users can buy different parts of a car.
  - Users can order products, pay for the product and add a review.
  - Admin can add a product, manage products, delete a product and update product condition. To check admin control, login with gmail: dddd@gmail.com, password: ddddgmail

### 3. Fruits Warehouse (Full-Stack project) [[Website](#)] [[Client Code](#)] [[Server Code](#)]

- **Technologies used:** React, React-Router, Bootstrap, Firebase, NodeJS, ExpressJS, MongoDB.
- **Site overview:**
  - This is a website where you will find users supplying their fruits. You can also display your fruits by login into.
  - Once you logged in, you can update and delete your product.
  - The website is responsive for both desktop and mobile users.
